Agenda Item E.2

CYBER LIABILITY ENHANCEMENT OPTION

ACTION ITEM

ISSUE: The Executive Committee should decide whether to purchase the Cyber Liability Enhancement Option.

RECOMMENDATION: None.

FISCAL IMPACT: To be determined.

BACKGROUND: The JPA's Property policy includes Cyber Liability coverage. Currently, the policy has a \$2 million annual aggregate limit for each JPA member with a sublimit of \$500,000 annual aggregate for Privacy Notification costs; this increases to \$1 million limit if a Beazley vendor is used (Beazley administers the Cyber coverage). A Cyber Liability coverage enhancement is available and provides two options:

- Option 1 would replace the Privacy Notification costs monetary limit with a per person limit. The per person limit is outside the policy's current dollar limits so that notification costs do not erode the Cyber policy limits. The per person limit provides an unlimited dollar amount for notification services subject to the number of notified individuals that is selected. The additional premium is based on the JPA's annual revenue or operating budget and the number of notified individuals that would be covered.
- Option 2 is available only if Option 1 has been purchased. Option 2 provides Excess Cyber Liability limits up to \$5 million.

Staff will present a quote for the Cyber Liability Enhancement Option.
